Conducted by

## **AIMRI**

AIMRI (Aries Industrial and Maritime Research Institute) is an interactive university established to share valuable knowledge. Our vision is to launch an innovative new generation training method with the support of visual media, on an interactive network platform for promoting the Industry Oriented Research activities in diversified sectors. AIMRI is launched by Aries Group, a multinational consortium in the Middle East, in association with Marine BizTV, the First Global Maritime Television Channel.

AIMRI imparts high quality education through comprehensive, well knit and most advanced course structure, to equip the young aspirants with skills to enhance their personality and to realize their ambitions. The promoters of AIMRI have a proven track record of molding 10 batches of young generation students and placing them in the industry as highly skilled professionals who are in great demand.
